

Board of Animal Services Commissioners, November 14, 2017 Meeting.

Good morning. I'm Jeffrey Mausner. I'm a Board Member and the 2nd Vice President of the Tarzana Neighborhood Council (TNC); I'm Chair of its Animal Welfare Committee. I'm also the liaison from the TNC to the Los Angeles Animal Services Department (LAAS). I'm also the liaison from the Valley Alliance of Neighborhood Councils (VANC) to LAAS. I give reports about what is going on at the Shelters once a month to the TNC, and to officers from all of the Neighborhood Councils in the Valley at the VANC meetings. I'm also a Volunteer at the West Valley Animal Shelter.

I've given you a packet of materials. The Minutes from the September 26 TNC meeting are pages 1-5. I'm going to be speaking about 2 of the resolutions passed: paragraphs 14 and 16.

Paragraph 14, on page 3: "The TNC Board approves the Animal Welfare Committee's request to file a CIS [Community Impact Statement] in support of Council File 17-0170 re-affirming the City Council's goal to make Los Angeles a 'no kill' city for all healthy adoptable shelter animals **by December 31, 2017.**" No further extensions.

Paragraph 16, on pages 3-4: "Resolved: The TNC Board approves the Animal Welfare Committee's request to support the use of all kennels at the West Valley Shelter, including the Training Kennels, Puppy Kennels, and kennels in the Grooming Room, before any healthy, adoptable animals are killed for lack of space at any of the City Shelters." I'm authorized to communicate that to you all.

Pages 6 to 11 of the handout are print-outs from the LAAS website, showing the numbers of dogs and cats at each of the Shelters yesterday. Page 6 shows 224 dogs and 94 cats at the South LA Shelter. Page 7 shows 108 dogs and 52 cats at the West Valley Shelter, about half of what is at South LA. Page 8 shows that Harbor has 70 dogs. And so on.

If you look at the latest Woof Stat report for September, you can see a huge difference in the number of dogs and cats killed at each Shelter. Page 12 shows that 70 dogs and 95 cats were killed at the South LA Shelter in September. You can't tell how many of those dogs and cats were euthanized for medical reasons, i.e., they were terminally sick or in pain. You can't tell how many of the dogs were too aggressive to be adopted or rescued. That's the first point I want to make. LAAS isn't being transparent regarding

how many healthy adoptable dogs are being killed at each of the Shelters. The only way to find out is to see which dogs are taken off the Red List each day, go to the Shelter, and ask individually why each of those dogs was taken off the Red List, a difficult and time-consuming task. That gives some idea of whether healthy adoptable dogs are being killed, but probably not all. And it has to be done at each Shelter. I do it at West Valley, but I don't think it's being done at the other Shelters. So, especially as we move into No-Kill in a month and a half, LAAS should start providing information about whether any healthy adoptable dogs, cats, and other animals are killed at any of the Shelters. I have received communications from Volunteers at South LA, letting me know that healthy adoptable dogs are being killed there, but I don't know how many of the 70 dogs killed at South LA were healthy and adoptable.

Page 13 of the handout shows that 7 dogs and 49 cats were killed at West Valley in September. As far as I could tell, no healthy adoptable dogs were killed at West Valley in September.

You can see the numbers of animals killed at the other Shelters in September on pages 12 to 17. At West LA, page 17, only 1 dog was killed in September.

Going back to pages 6 to 11, I know there are some differences in Shelter capacities, but South always has many more dogs, sometimes 2 or even 3 times as many as some of the other Shelters. The other Shelters should be helping South LA out more.

I've been telling you for several months about the empty kennels at the West Valley Shelter. Still, all 8 of the so called "Puppy Kennels" are vacant. Pages 18 to 25 of the handout are pictures of the empty Puppy Kennels at West Valley on Sunday. The Puppy Kennels are actually larger than the regular kennels; the Puppy Kennels are approx 8256 square inches, while the main kennels are approx 7968 square inches, including both sections. The Puppy Kennels have running water. So keeping them vacant for months, while healthy adoptable dogs are being killed at South LA, really seems unjustified. On Sunday, all 8 of the so-called "Training Kennels" were also vacant; page 26 is a picture of one of those. All 7 of the small kennels in the grooming room were also vacant; page 27 is a picture of some of those. And 5 kennels in the main kennels were vacant; page 28 is a picture of one of those. I have pictures of all of the other vacant kennels on my phone if you'd like to see them. So there were 28 vacant kennels at West Valley on Sunday. The 8 puppy kennels could certainly be

used to save the lives of 8 to 16 dogs at South LA, and still have plenty of back-up space at West Valley, for some contingency that might not even happen.

Of course, the most important short term thing to save the lives of dogs and cats at the South LA Shelter, and other Shelters, is the opening of the Jefferson Park Shelter. The Jefferson Park Shelter, the old abandoned South Shelter, can hold hundreds of dogs and hundreds of cats. **It is taking the City too long to get that going,** now that there is a rescue that is ready to do it. **Every week that Shelter continues to sit there abandoned and unused, dogs and cats are being killed,** so let's move forward on that. The City has been aware of the interested Rescue since August. A lot of healthy adoptable dogs have been killed since then.

And of course the most important thing to save the lives of dogs and cats on a long term basis is stricter enforcement of the spay/neuter laws.

This proposal would ban drilling and other oil field activities within 2500 feet of residential properties and other specified, high density locations in Los Angeles. He talked about the increase in malignant cancers in the Aliso Canyon area with two teachers there passing away. He pointed out that the toxic chemical used in these drilling operations damage the nervous system, endocrine and reproductive systems. People are getting sick and currently, regulations don't protect homeowners or residents in these areas. By having a setback distance it will avert some of the largest health impacts in high density areas.

17. (): Resolved: The TNC Board approves the Land Use Committee's recommendations regarding the Encino-Tarzana Community Plan update as follows: (attached conditions).

Public Comments:

- Robin Jaffe said she made a map and did outreach and found that 80% of people wanted to change zone from RA to RE so that you can build as much as you can on a large lot. She also didn't agree on the two-story setback regulation.
- Lillian Wall said some of the regulations should be part of the Specific Plan.
- Kathy Delle Donne gave stats on RE-zoned properties. She felt there should be Town Hall meetings to educate the public and do proper outreach on this before taking action.
- Joel Jaffe thinks more time is needed to examine this and construct this plan.
- Craig Townsend said the RA zone has outlived its usefulness. He also thinks Melody Acres shouldn't dictate for the rest of the area.
- Glenn Bailey said the Encino NC has voted to support to extend the Encino/Tarzana Community Plan up to Victory Boulevard.

Board member amendments included:

- Iris asked that #1 be removed. Len suggested amending the text to: "South of the Blvd. in the residential zones, RA becomes RE and R1 remains the same."
- Len amended #4 to: "In order to accommodate the increased population, our goal is to allow increased height and increased FAR's as bonuses within the meaning of SB1818, but that when we see a mix of population, height and density, FAR bonus's should be based on a mix of low, very low or moderate income."
- Harvey asked that in #7 the scrambling traffic crosswalks be removed.
- Len asked that #5 be removed from the community plan.
- Len also asked to strike #10, cool roofs.

After much discussion, the motion carried 13-0-0 and these recommendations will be sent to the Planning Department.

19. (Shaffer/Wieder) moved, “Should the TNC create a Special Events Committee and allow the Outreach Committee to concentrate on outreach via social media, email and news media.” Esther was in favor of creating this new committee. The motion carried.

21. (Shaffer/Heissler) moved, “The TNC Board accepts the resignation of Board member Jon Reich communicated to the Executive Committee via email on August 31, 2017 and thanks him for his many contributions to the TNC.” The motion carried.
