Important information

Safety Information

Patch Test Recommended: Before full application, test the face paint on a small patch of skin, preferably on the inner forearm. Wait for 24 hours to check for any allergic reactions, irritations, or redness. If any adverse reaction occurs, discontinue use immediately. For External Use Only: Do not apply near the eyes, mouth, or on broken or irritated skin. If the paint gets into the eyes, rinse thoroughly with cold water and seek medical attention if irritation persists.

Directions

Zenovika's face paints are water-activated and function similar to watercolor paints. Simply add a few drops of water to the desired color, creating a soft, pasty texture. Then, use the included brush or sponge (for larger areas) to apply smoothly on the skin. The colors dry quickly and are easily removed with soapy warm water or baby wipes.

Great Memories

Reviewed in the United States on January 16, 2025

Size: 28 Color Face Paint Kit **Verified Purchase**

This face painting kit has been a wonderful way to bond with my grandkids! The colors are vibrant, easy to apply, and safe for their sensitive skin. We've had so much fun creating different designs, and the quality of the paints ensures they last without smudging. Cleanup is a breeze, which makes the experience even more enjoyable. I highly recommend this kit for anyone looking to make special memories with their family!

I bought this for a young girl that has very sensitive skin. There were reviews showing this product was good for those with this issue but I was skeptical d/t how easily she breaks out. However, she has used it several times now without an issue.

Nos encantó! Sirve súper bien colores hermosos seca rápido, dura bastante, imágenes pensé que venían en un material más fuerte o duradero, pero por lo demás está bastante bien el kit.

We wanted to try face painting for an affordable price which is why we choose this kit. It comes with appropriate items to help paint your face and other items like sponges can be used. The paint has bright and solid colors that can be applied and can also be cleared with water easily but can also be smeared off if not careful.

Was a hit with the kids. The sponge was too difficult to use and grabbing the product was difficult. We had to get a brush wet and then grab the product. It needed to be a little more "liquidity" in order to use sponge. It was kind of tough in description.

No allergic reactions. Went on beautiful. Easy to use.

Reviewed in Canada on September 2, 2019

Size: 24 Color Face Paint Kit **Verified Purchase**

A few weeks ago, for the first time my husband and I did face painting for our local community center summer celebration. It was a huge hit with the kids and families. We received a barrage of phone calls saying how much they loved it, including one lady who told us if her child is allergic to everything and she was extremely happy that there was no problem with this paint. So thank you to a very successful day.

Nice face paint kit but doesn't last

Reviewed in Canada on May 8, 2022

Size: 24 Color Face Paint Kit **Verified Purchase**

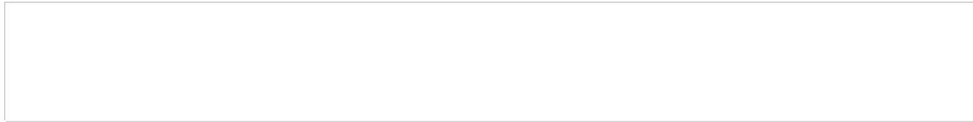

The paint was almost like a one time use as it only lasted for a use for 4 hours and seemed to disappear. It didn't do well sitting in the sunshine as the girls were painting. Nice package but not as good at lasting for more then one days worth.
